

**Cascade Warbirds
EAA Warbird Squadron #2**

In past years the Cascade Warbirds have gathered in force to bring the sights, sounds and smells of vintage aircraft to the skies over Arlington, WA. Come join us July 13th-15th where the Cascade Warbirds' goal for 2007 is to make this the best show ever. Warbird owners and aircraft enthusiasts from near and far are urged to join us this year. The more the merrier!

We will be conducting a mass warbird launch, fly-over and the very popular Warbird and Military Vehicle Parade during Friday, Saturday, and Sunday's airshow activities. Make a point to participate in a special celebration on Sunday to honor our veterans.

Our airplanes will be on display each day on the warbird ramp at the south end of the show site. Aircraft owners and pilots will be on hand to answer questions and sign autographs.

Guest speakers will be making presentations in the Warbirds forum tent. Among the speakers will be WWII veteran pilots and crewmembers.

Visit our web site for contact and up to the minute schedule information.
