

## FAA Western Service area employment recruitment at the Arlington Fly-In

Are you looking for a challenging position with a world-class leader in the field of aviation? Make the Federal Aviation Administration your destination.

The FAA operates the world's biggest and safest aviation system. We are responsible for the safety and certification of aircraft and pilots, for the security of our airports, and for the around-the-clock operation of our nation's air traffic control system.

The FAA is committed to making the world's best aviation system even better. We are doing this by enhancing safety, improving security, and increasing the efficiency of air travel by modernizing the air traffic control system and expanding the capacity of our nation's airports. We are also responsible for guiding and helping develop the new but rapidly expanding field of commercial space transportation.

If you're a skilled professional in an aviation-related field looking for new challenges, if you're a college graduate considering a Federal career, if you're getting out of the military soon and would like to continue work in the aviation business, or if you're just curious about the kinds of opportunities available with the FAA, click on <http://jobs.faa.gov/>.
